Subject: Week ending Oct 21

Connecting Citizens Grant Program

In the week ending October 21st The accesspoint on Samuel Island, two access points at Gaines' and the access point at Mackie's have been completed and are operational. All Co-op members on Tumbo Channel who are in residence have been upgraded. Additional work to connect Dark Horse Road will also take place during the next week.

As part of the Gulfside project several modifications to the main supply backbone have been completed allowing an increased throughput to the entire system.
